**We host Charitable Events:** The members plan and participate by making suggestions and doing the work needed. The Board appoints committees to stage the events. We have a lot of fun doing them. Profits from events are returned to the community in scholarships and donations to various organizations and projects. Members also support our functions by coming and selling ticket to friends, neighbors, and family.

**We have monthly Luncheon Meetings on last Wednesday of the month:** We come early for lunch, provided by San Vicente Resort. They provide excellent meals for \$15.00. We have a short business meeting on current activities and fundraisers. We get to know each other better and we get educated or entertained by speakers or groups; it is a fun and informative time. We meet for lunch, September through May. The June meeting is a special event arranged later in the year. The agenda for regular meetings is:

Social Time	11:00 AM
Call to Order	11:30 AM
Luncheon	Program

**We have Interest Groups for members:** Bookmarks, Thursday Scrabble, Bunco, Monday Movies, Lunch Bunch, Salt Shakers (home dining group), and a Sunday Theatre Group.

**Luncheon Reservations:** Each member should make a lunch reservation for the monthly meeting by the Friday preceding the event. All reservations must be honored unless cancelled by the Friday before the meeting date. Of course, if you have an emergency, we can accommodate you! Reservations can be made by signing the reservation sheet at the monthly meeting or at the Front Desk of the San Vicente Resort or by calling or emailing the Membership Chair, Pam Molthen at [psmolthen@sbcglobal.net](mailto:psmolthen@sbcglobal.net). Please do not call the club—they do not work for us—call Pam Molthen at 760-789-6659.

**Dues:** are \$25.00 and need to be paid by the May meeting to ensure that your contact information is in the next year's membership booklet.

We at San Vicente Valley Club are interested in helping our community please come and join us.

Sincerely, Sharon Greene, President
